Accessibility Statement

Locke 27, LLC · Version 0.9 · Last updated October 14, 2026

Draft v0.9 pending review by counsel. Modeled on current practice among comparable private-markets platforms. Published as an interim measure so that no part of the site operates without governing terms; it will be replaced by the counsel-approved version, and members will be asked to re-accept any agreement whose terms change materially.

Our commitment

Locke27 aims to make the Platform usable by everyone, including people who use assistive technology. We design to the Web Content Accessibility Guidelines 2.1 at level AA: keyboard navigation, screen-reader labels, visible focus, sufficient contrast and text that scales.

Where we are

The Platform is new and we test accessibility as part of every release. Some third-party components (identity verification, document viewers) may not yet meet every criterion; we work with those providers on improvements.

Tell us

If you have difficulty using any part of the Platform, email support@locke27.com and we will provide the information or service another way and fix the problem.
